PERSONAL PROFILE

I am a Frontend Developer React studying and builting web applications since 1 year. I want to collaborate as web developer in a team passionate about technology with my motivation to continue learning and growing as a professional.

EXPERIENCE

All my projects ⊙→

AsterCoin
- Javascript - React Native

Cryptocurrency mobile application that shows the top 100 coins in the current market. It allows to visualize the details, charts and prices in the sales markets of each one.

Lucmania
- TailwindCSS - Javascript - React

Web platform to find random movies and tv shows choosing only one genre. It shows the details of the filtered content and allows to save each one them in a favorites list.
